or familyresourcing@fsg.org.au

The 6 week Bringing Up Great Kids Parenting Course was developed by the Australian Childhood Foundation.

Additional content has been added by FSG to meet the specific parenting needs of families with children with ASD (Autism).

A practical and inspiring approach that assists parents to review and enhance:

- Effective communication with children
- Respectful interactions
- Development of children's positive self-identity
- More in-depth understanding of how ASD affects the child
- Effective strategies for parenting
