

COMMUNITIES FOR CHILDREN - EARLY YEARS HUBS

The Communities for Children Early Years Hubs are facilitator supported playgroups that promote parent child bonding, early years learning, fine and gross motor skills, and literacy development. They also give parents and carers the opportunity to socialise, share experiences and connect with their local community.

We also share and practice important 3a Abecedarian adult-child interaction strategies; these play a vital role in children's language development and life-long learning.

Sing 2 Music

Enjoy music, rhythm, rhyme and dance for children and parents.

Play 2 Music

Combines musical instruments and music to encourage rhythm and dance.

Read and Grow

Promotes development of early literacy and language skills, working to give children ages 2-5 years a good foundation. At each session a book is shared with a complimentary craft or activity.

Cooking with Miss Jen Program

Online cooking videos that encourage and role model Abecedarian adult-child interaction strategies and the development of early literacy and language skills. Enjoy making easy, healthy, and tasty treats with your children through these videos and activities. Look out on Facebook for the release dates.
