

What a year it has been in 5 Ruby!

With less than 5 short weeks to go, it is a time to reflect on the year that has been. A fun way we do this is to 'End the year with a BANG'! Each day we pop a balloon. After we discover the name inside, we write that student a special message that they will receive at the end of the year. Each student will take home lots of awesome messages from their peers. 5Ruby are so great at finding the positive in each and every classmate. I could not be more proud of them!

Some of our superstar writers have now earned their pen licences and are able to display their lovely writing in pen! This is a very important rite of passage in our class.

In English, we are being entertained by watching plenty of movies as we learn to create *film reviews*. We are focusing on trying to *hook* the reader in with a catchy title and then create a summary of the plot with the strengths and weaknesses of the film. 5Ruby students are BRILLIANT writers and are producing some amazing reviews. I give them, 4 ½ out of 5 stars!
