Interesting Interview

Jayde Anderson and Maya Mitchell
6Emerald Reporter

Interviewing the former Prime Minister was one of the most important learning experiences for 6Emerald at Musgrave Hill State School. On the 19th of May, 6Emerald students were on Squizkids.com.au and listened as their questions were presented to the former Prime Minister.

6Emerald were listening to the Squizkids podcast in order to learn about newspaper reports for their upcoming writing task. After finding out about the event around 10 students signed up to ask their questions. Mrs Benson, their teacher, got an email from Squizkids announcing that three of her students have been shortlisted. Those students were Jayde, Willow and Ruby.

The three chosen students then filmed a video then sent it off to Squizkids. After a day or two Mrs Benson received an email telling two of her students had been selected. Jayde and Willow were thrilled. "I was really happy and surprised that I was chosen!" exclaimed Willow.

6Emerald students squealed when they heard their questions being answered by Scott Morrison. Jayde exclaimed "I was overjoyed to be chosen and it was exciting to have my classmates listen with me!"

SQUIZ
KIDS FOR
Schools

The Musgrave Hill State School Community are very proud of the students' achievements including their teacher and principal. I could not be prouder and to have the former Prime Minister answer questions from Musgrave students is a principal's dream. "Said Mrs McLunnies, 6Emerald teacher, Mrs Benson, now has bragging rights.

This was a great opportunity for the students and something to look back on with pride. For more information, visit the squizkids website and the Musgrave Hill website.
